Dear members of the ACC,

Being a small business owner in Wickenburg Arizona, I am disappointed to hear that APS is filling for another increase on our basic services. I currently have three businesses that all would be negatively affected by any increase in rates or services by APS. I am asking for you to please not allow this to happen.

While I work to increase the efficiency throughout all of my businesses and work to reduce my energy consumption, it appears through this request that APS is not focused on doing the same.

I urge you to vote in favor of more efficiency by APS by voting no to their proposed increases.

Best,

Sheryl Mills
